

PTC Policy on Research Grants
As adopted by Faculty – Feb 2011

Students enrolled in a research award at the PTC (currently MTh or ThD) are eligible to apply for a research grant each year of their enrolment.

Full-time students are eligible to apply for an award to the value of \$300 per annum and part-time students are eligible to apply for an award to the value of \$150 per annum.

These are cumulative for up to two years. The maximum number of years of study which form the basis for eligibility will be the stated maximum for the duration of the study.

The purpose of the grant is to contribute towards costs of travel to an academic conference where the student is presenting a paper, or the obtaining of inter-library loans over and above those provided for already in the Document Delivery section of the provisions for research students, or any other purpose related to the pursuit of the student's research approved by a Faculty panel. The purchase of books will not normally be considered.

Applications are to be directed to the Coordinator of Postgraduate Study in the first instance.
